Lesson Test

Unit 11, Lesson 3: Reading

Task 6: Reading Comprehension Read the story. Then answer the questions. Circle the correct answers.

Daniel went to the grocery store with his parents. His father wanted to buy some potatoes. One pound of red potatoes costs three dollars. The yellow potatoes don't cost as much. One pound of yellow potatoes costs one dollar, and a pound of big brown potatoes only costs two dollars. So they bought yellow and red potatoes. His mother wanted to buy some cheese. The round white cheese costs more than the square orange cheese. She bought one pound of orange cheese. Daniel wanted to buy some oranges. But his mother said they had half a box at home. So Daniel bought two apples.

1. What is this story about?
 - A. Daniel's favorite foods
 - B. the place Daniel works
 - C. a family shopping trip
2. Which potatoes cost the most?
 - A. brown potatoes
 - B. red potatoes
 - C. yellow potatoes
3. Why didn't Daniel buy any oranges?
 - A. He had some at home.
 - B. They were too expensive.
 - C. His mother bought some.
